

Rolls-Royce Motor Cars
Black Badge

STEP INTO
DARKNESS

After day comes night. A time for adventure, mystery, discovery.
A time to explore the darker edges of existence.

This is the time for Rolls-Royce Black Badge.

An unexpected twist on the world's most iconic automotive marque,
Black Badge is for those who relish the unfamiliar. It is for the risk-takers.
The rule-breakers. The fearless.

The most arresting aesthetic ever to grace a Rolls-Royce. A formidable
pairing of power and presence. Black Badge is the boldest expression
for those who dare to be different.

AESTHETIC WITH ATTITUDE

Black is more than a colour. It is a state of mind. It is a statement of intent.

These are head-turning models with undeniable presence. The paintwork is intensified to create a richly seductive lustre. Elements are darkened to a noir-like tone whilst flashes of chrome stand out along the bodywork.

Charismatic and assured, these are motor cars for the people who refuse to conform. A calling card for those who dare to be different.

THE POWER TO TRANSFORM

With intensity and power, Ghost and Wraith Black Badge are built to perform.

These imposing motor cars radiate an inner confidence – which is perfectly reflected in their athletic and self-assured performance. Concentrated contact with the road. A thrilling surge of power that sharpens the senses. The Black Badge model range delivers the most potent driving experience. Sculpted to perfection and pure in form, their muscular prowess hints at the sheer power that lies within.

Just as day turns to night, Rolls-Royce Black Badge offers true transformation. Liberate the rebel within. Embrace the darkness.

DRAMATIC

IMPRESSIONS

As it appears on the horizon, the Spirit of Ecstasy gives the first glimpse of what is different. With a more determined air, this most famous of emblems has been cloaked in the boldest, deepest hue: black.

The distinctive Rolls-Royce grille continues this new, noir-like tone as elements are transformed with high-gloss dark chrome to create a dramatic contrast against the LED headlights, asserting an unrivalled presence on the road.

The final statement of transformation is made as the striking 21" wheels turn. First there is a dark glint of carbon fibre. Then a halo forms around the Rolls-Royce emblem. Light gives way to dark. A bolder side takes over.

AS DARK AS
NIGHTFALL

Black has many dimensions. Mystery. Power. Rebellion.

With the ability to subtly shift tone, it has the influence to possess the observer.

To achieve deepest, darkest degrees of black, Rolls-Royce craftspeople meticulously apply layer upon layer of primer, followed by specially formulated Xirallic® paint and high-gloss coatings.

Only when a Rolls-Royce Black Badge has been hand-polished to perfection is it unleashed into the world.

INFINITE POSSIBILITIES

The allure of what is yet to be discovered. Rolls-Royce Black Badge issues an irresistible invitation to step inside a space like no other.

This is a luxurious cabin, with an abundance of attitude. A mix of innovative, technically crafted materials and bold upholstery forms the interior of Ghost Black Badge.

The seats are expertly modelled to provide the utmost comfort. Smooth leather in the richest of black hues is cut through with daring accent colours, in a unique expression of contemporary style.

On the rear seat centre appears a subtle yet enigmatic emblem. One that also embellishes the feature clock. This exclusive infinity symbol is a perpetual reminder for a person with a daring attitude and desire to push limits.

The centrepiece is the technical fibre fascia, a stunning display of advanced design made from aircraft-grade aluminium thread woven into carbon fibre carrying through to the door cappings. Akin to working with precious and expensive jewels, technological precision is essential and perfection is the only acceptable result.

MYSTERIOUS ALLURE

For Black Badge, refinement is uncompromising. Behind the wheel, you feel like anything is possible.

The cabin is transformed by a darker interpretation of luxury. Featuring a horseshoe sweep design, the cabin cocoons all passengers in the sumptuous leather. Enjoy massage options in the front seats, which promise to maintain a refreshing, invigorating environment, or relax with ample space and privacy in the rear.

Set into the dashboard is the newly created Black Badge clock – its hands tipped in orange to provide a subtle, but potent contrast to the rest of the interior.

Add to the ambiance of Wraith and be engulfed in your own star-filled night sky with a Starlight Headlining comprising of 1,340 fibre optic lights. With the brightness of each star adjustable to suit your mood, in Black Badge, you control the night.

This is a motor car conceived and designed for those who revel in pushing boundaries. The adventurous at heart. The freedom seekers.

THE ULTIMATE CONTROL

Behind the bold aesthetics, effortless power lies poised.

Rolls-Royce Black Badge possesses the raw energy and agility to forge its own course. Armed with a muscular 6.6-litre V12 engine and honed gearbox, both models are capable of searing pace.

As the speed increases, intuition takes over. Movements become tighter. The Black Badge powertrain reacts to the driver and contact with the road becomes ever closer. Along with enhanced steering and emboldened suspension, it delivers an assured straight-line performance, whatever the conditions.

Promising to thrill the senses and command attention. Ghost Black Badge unleashes an enhanced torque of 840Nm, delivering increased power and making it the fastest Ghost yet. Intensified with Black Badge, Wraith upholds the pinnacle Rolls-Royce position. Reaching 0-60mph in just 4.3 seconds and with a powerful 870Nm torque, the 8-speed automatic transmission allows you to pull off with ease and delivers shorter gear ratios and higher revs for the most daring of drives.

These motor cars deliver a Rolls-Royce driving experience like no other.

A NEW DIMENSION OF LUXURY

Technology has the power to refine responses and sharpen senses. In Rolls-Royce Black Badge, it renders driver and motor car inextricably in tune.

For the ultimate in convenient luxury, the Comfort Entry System opens the door with just a single touch. The Spirit of Ecstasy Rotary Controller puts absolute control at the driver's fingertips – from journey planner to address book. Satellite Aided Transmission scans the road ahead while the intelligent Head-Up Display projects journey-critical information directly to your field of vision.

As dusk descends, Night Vision reveals what lies ahead, using infrared cameras to detect body heat. The 360-degree cameras offer added support – no matter how daring the journey, or how challenging the manoeuvre.

IMMERSE YOURSELF

A model range this uncompromising deserves an entertainment system of equal audacity. One that can awaken the senses and provide a soundtrack to all of life's journeys.

Add to the drama by enhancing your motor car with the Bespoke Audio System. Whatever the conditions outside, this intuitive technology adapts, automatically adjusting tone and volume settings accordingly. Sound correction simultaneously purges loud or dead spots, leaving you utterly immersed in the purest acoustics.

Optional extras, such as WiFi Hotspot and Connect app integration ensure driver and passengers remain connected. Easily browse the Internet on any device and integrate innovative functions from your phone into your car. Your chosen RSS news feeds will keep you updated on the move and listen to any radio station from around the world. With Google™ Send to Car and Local Search you can transfer your chosen destination directly into the navigation system, so you know where you are going as soon as you start the engine.
